MEDICATION ORDERS:

NOTE: We ***may*** require a detailed Letter of Medical Necessity or clinical supporting documentation (depending on diagnosis), to be able to verify eligibility and payment for this treatment through Medicare and/or other insurance plans. Inform patients that AMVUTTRA™ treatment leads to a *decrease in vitamin A levels* measured in the serum. Instruct patients to take the recommended daily allowance (RDA) of vitamin A. Higher doses than the RDA should not be given to achieve normal serum vitamin A levels during treatment, as serum levels do not reflect the total vitamin A in the body.

DOSE/FREQUENCY:

☑ **Amvuttra™**: Administer 25mg/0.5ml via subcutaneous injection every 3 months into the abdomen, upper arm, or thigh.

SPECIAL ORDERS:
