		Continue current order until insurance approved	

MEDICATION ORDERS:

NOTE: We may require a detailed Letter of Medical Necessity or clinical supporting documentation (depending on diagnosis), to be able to verify eligibility and payment for this treatment through Medicare and/or other insurance plans. Inform patients that AMVUTTRA® treatment leads to a decrease in vitamin A levels measured in the serum. Instruct patients to take the recommended daily allowance (RDA) of vitamin A. Higher doses than the RDA should not be given to achieve normal serum vitamin A levels during treatment, as serum levels do not reflect the total vitamin A in the body.

DOSE/FREQUENCY:

Amvuttra®: Administer 25mg/0.5ml via subcutaneous injection every 3 months into the abdomen, upper arm, or thigh.

SPECIAL ORDERS:

Refills x 12 months unless noted otherwise here:

NURSING ORDERS:

ADVERSE REACTION & ANAPHYLAXIS ORDERS:

Provide nursing care per Palmetto Infusion Nursing Procedures and post procedure observation if indicated

Administer acute infusion and anaphylaxis medications per Palmetto Infusion standing adverse reaction orders, which can be found at our website.
